A screenshot of the Vegas Pro 11.0 registration process. On the left is a 'DIGITAL INSANITY' keygen tool window. On the right is the 'Vegas Pro 11.0' registration dialog box. The dialog box has the Sony logo at the top and asks the user to register within 30 days. It offers two options: 'Register online' and 'Register from another computer'. The 'Register from another computer' option is selected and highlighted with a red box. A red arrow points from this box to red text below that says 'tick the box reg from another pc'. Below that, another line of red text says 'and put the name you like/mail'. The keygen tool on the left shows fields for Product Name, Machine ID, Serial Number, and Activation/Authentication Code, along with buttons for Patch, Generate, About, and Exit.
